

## Table of Contents

### Summary

#### I. Introduction

#### II. Situation regarding Nuclear Safety Regulations and Other Regulatory Frameworks in Japan before the Accident

1. Legislative and regulatory framework for nuclear safety II-1
2. Mechanism for nuclear emergency responses II-8

#### III. Disaster Damage in Japan from the Tohoku District - off the Pacific Ocean Earthquake and Resulting Tsunamis

1. Damage by the earthquake and tsunami in Japan III-1
2. Damage caused by the earthquake and tsunami hitting Fukushima NPSs III-28
3. Seismic and tsunami damage to other NPSs III-47
4. Assessment of earthquake and tsunami damage III-62

#### IV. Occurrence and Development of the Accident at the Fukushima Nuclear Power Stations

1. Outline of Fukushima Nuclear Power Stations IV-1
2. Safety Assurance and Other Situations in Fukushima NPSs IV-3
3. Condition of the Fukushima NPSs before the earthquake IV-30
4. Occurrence and progression of the accident at the Fukushima NPSs IV-33
5. Situation of Each Unit etc. at Fukushima NPS IV-38
6. Situation at Other Nuclear Power Stations IV-120
7. Evaluation of accident consequences IV-124

#### V. Response to the Nuclear Emergency

1. Emergency response after the accident occurred V-1
2. Implementation of environmental monitoring V-16
3. Measures for agricultural products and drinking water, etc. V-30
4. Measures for additional protected areas V-32
5. Assessment of nuclear emergency response V-35

<b>VI. Discharge of radioactive materials to the environment</b>	
1. Evaluation of the amount of radioactive materials discharged to the air	VI-1
2. Evaluation on the amount of radioactive materials discharged to the sea	VI-4
<b>VII. Situation regarding Radiation Exposure</b>	
1. Situation of radiation exposure concerning radiation workers and other related workers	VII-1
2. Response to radiation exposure of residents in the vicinity and the overall situation	VII-8
3. Evaluation of the status of radiation exposure	VII-10
<b>VIII. Cooperation with the International Community</b>	
1. Assistance from other countries	VIII-1
2. Cooperation with international organizations	VIII-2
3. Evaluation of cooperation with the international community	VIII-3
<b>IX. Communication regarding the Accident</b>	
1. Communication with residents in the vicinity and the general public in Japan	IX-1
2. Communication with international community	IX-7
3. Provisional evaluations based on rating of International Nuclear Events Scale (INES)	IX-9
4. Evaluation on communication regarding the accident	IX-10
<b>X. Future Efforts to Settle the Situation regarding the Accident</b>	
1. The current status of reactors etc. of Fukushima Dai-ichi NPS	X-1
2. Response to the “Roadmap towards restoration from the accident by the nuclear operator”	X-3
3. Measures taken by the Japanese Government	X-9
<b>XI. Responses at Other Nuclear Power Stations</b>	
1. Emergency safety measures at other NPSs in light of the accident at Fukushima Dai-ichi and Fukushima Dai-ni NPSs	XI-1
2. Shutdown of Hamaoka NPS	XI-3

## **XII. Lessons Learned from the Accident Thus Far**

## **XIII. Conclusion**

NOTE: Evaluation in this report is preliminary and based on the facts gleaned about the situation so far.
